

Our interest rates are per annum and fixed for the whole term of the contract. Our standard interest rates range from 8.75% to 13.49%.

Interest charged under the contract is calculated by multiplying the unpaid average daily balance outstanding at the due date of each month by the monthly interest rate. The monthly interest rate is calculated by dividing the annual interest rate by 12.

Current interest rates are dependent on term, deposit and dealer discretion. Daimler Financial normal lending and credit assessment criteria apply.

These interest rates are current as at the present day however are subject to change.

Please see your authorised dealer for any promotions or special rates available at this time.

### **Fees and charges:**

#### **Establishment fee up to \$235**

This fee covers the cost of processing, assessing and approving your finance application.

#### **PPSR registration fee \$15**

This fee is for registering our security interest on the Personal Property Security Register.

#### **Early termination – creditor’s loss fee**

A creditor’s loss fee will be applied if you early terminate your contract. This fee is to compensate the Lender for any loss suffered by the Lender, should you decide to fully repay all monies owing under your contract before the final repayment is due. Please refer to the following link for information on the calculation method:
